

**Before the
FEDERAL COMMUNICATIONS COMMISSION
Washington, D.C. 20554**

In the Matter of)	
)	
Section 63.71 Application of)	WC Docket No. 11-183
Open Range Communications Inc.)	
For Authority Pursuant to Section 63.71 of the)	
Commission's Rules to Discontinue the)	
Provision of Interconnected Voice over Internet)	
Protocol Service)	

To: Marlene Dortch, Secretary
Attention: Wireline Competition Bureau

**SUPPLEMENT TO REQUEST FOR IMMEDIATE AUTHORITY TO DISCONTINUE
SERVICE**

Open Range Communications Inc. ("Open Range"), by its attorneys, hereby submits this supplement (the "Supplement") to its November 17, 2011 request for immediate authority to discontinue its provision of interconnected Voice over Internet Protocol ("VoIP") service. *Request for Immediate Authority to Discontinue Service* filed November 17, 2011 ("Request"). Open Range's efforts to complete a sale of its business as a going concern while in Chapter 11 Bankruptcy were unsuccessful, and no willing buyer has emerged. At this time, Open Range cannot afford to keep its voice and data services active even for one more day because it lacks funding to support more than \$50,000 per day in net operating cash burn.

I. Alternative Service Providers Exist in the Communities Served by Open Range.

As noted by Open Range in its Request, twenty customers filed comments in response to the Open Range application. Three of these have already secured alternative providers. In the

communities in which the remaining customers reside, Open Range has determined that the following alternative service providers exist:

Community	Available Provider(s)
Baraboo, WI	Century Link
Beaver Dam, WI	AT&T
Corunna, IN	Century Link
Gadsen, AL	AT&T
Greeley, CO	Century Link
Greenfield, CA	AT&T
Hope, AR	Century Link
Loveland, CO	Century Link
Nanticoke, PA	Verizon
North Charleston, SC	AT&T
Steubenville, OH	AT&T
Terre Haute, IN	Century Link
Tuscaloosa, AL	AT&T
Waupun, WI	AT&T
Windsor, CO	Century Link

II. Open Range Has Sent Specific Responses to Each Person Who Filed Comments in This Proceeding.

Open Range has provided a written response to each of the twenty customers who filed comments regarding the application. Copies of these letters are attached hereto as Exhibit 1. As set forth in that Exhibit, the letters indicate that Open Range is sending to each customer who has not already secured an alternative service provider a cell phone with a prepaid account including four months calling. In addition, each customer is receiving a check in the amount of \$100.00 to cover the cost of a deposit or other charge, if any, incurred in establishing voice service with another provider.

III. Notice to Customers

Open Range is notifying each of its VoIP customers that it will soon be discontinuing its VoIP and Internet services and that each customer should make arrangements as soon as possible

to secure an alternative voice provider. These notices are being provided by three means. First, the notice will be sent by email to each customer's email account, the text of which follows:

“We regret to inform you Open Range is discontinuing its nationwide operations.

- If you prepaid for service, and you are owed a refund, you will receive that refund within fifteen business days. If you paid by credit card, the refund will be made to that card. If you paid by ACH, a check will be sent to you.
- If you are an Open Range telephone customer you can port your number to another carrier by ordering new service from that carrier by Friday, November 18, 2011. Beyond this date, you may be able to transfer your number to a new service provider, but this is not assured.
- Please return your Open Range modem to 505 Nucla Way, Unit C, Aurora, CO 80111.

We have appreciated your business and the opportunity to serve you.”

Second, Open Range is calling each customer via an auto dialer system and providing the same information. Finally, Open Range has included the notice on its website. Thus in addition to the initial notice provided to each customer on October 6, 2011, Open Range is now advising customers that the discontinuance of service is imminent and that alternative arrangements should be made.

IV. Comments of EIBASS

EIBASS filed comments regarding the Open Range application on November 17, 2011. EIBASS complains of alleged interference to BAS operations in the Chicago area and in California. EIBASS urges that the Open Range service be discontinued. The remainder of the EIBASS comments concern Globalstar's spectrum and certain rulemaking proceedings that are not directly germane to the Open Range application. Open Range is seeking to discontinue its service at the earliest possible time. While Open Range does not agree with all of the statements

and characterizations contained in the EIBASS filing Open Range notes that it and EIBASS are seeking the same relief and urges that the FCC permit Open Range to discontinue its service immediately.

V. Conclusion

For the reasons set forth above, Open Range respectfully submits this Supplement to its November 17, 2011 request for immediate authority to discontinue VoIP service.

Respectfully submitted,

Open Range Communications Inc.

Valued Open Range Customer:

You have recently corresponded to the FCC with respect to Open Range's announced plan to shut down services and its notice of the same to you.

We want you to know that we very much regret that we must stop serving you and that you will be inconvenienced to have to secure alternative voice and /or internet services. In recognition and as a gesture of good will to you, we are able to offer you, as an offset to any setup or related charges and potential increased monthly costs for new phone service, a check for \$100.

We also wish to advise you that based on data available to us you should be able to secure alternative home phone service from CenturyLink.

Please again know that we are truly sorry that Open Range will not be there to serve you in the future.

As an additional accommodation, tomorrow, as possible, we will send a prepaid cell phone with four months of service. This is intended to cover your telecommunications needs until you are able to secure alternative service.

Respectfully,

Open Range Communications, Inc.

Lynn Zimmerman

N5872 Maleck Circle

Beaver Dam, WI 53916

Valued Open Range Customer:

You have recently corresponded to the FCC with respect to Open Range's announced plan to shut down services and its notice of the same to you.

We want you to know that we very much regret that we must stop serving you and that you will be inconvenienced to have to secure alternative voice and /or internet services. In recognition and as a gesture of good will to you, we are able to offer you, as an offset to any setup or related charges and potential increased monthly costs for new phone service, a check for \$100.

We also wish to advise you that based on data available to us you should be able to secure alternative home phone service from AT&T.

Please again know that we are truly sorry that Open Range will not be there to serve you in the future.

As an additional accommodation, tomorrow, as possible, we will send a prepaid cell phone with four months of service. This is intended to cover your telecommunications needs until you are able to secure alternative service.

Respectfully,

Open Range Communications, Inc.
